

KNVvL parachuting third party liability insurance

The KNVvL Parachuting Department offers a collective third party liability insurance policy. This insurance provides coverage for **all** its members, clubs and officials (e.g. instructors). This insurance is collective, **any** member with a valid KNVvL membership card (paper version or on the KNVvL app: green V) and orange insurance card is covered. This orange card as such has no membership number as it is collective.

It covers damage caused to (the property of) others during all parachuting activities and related training. The insured parties are also insured against each other, with the exception of damage to borrowed or rented parachuting equipment. The insurance only provides coverage if there is no other liability insurance that offers coverage, or if the claim is rejected by one's own liability insurance.

The maximum coverage per claim amounts to €3.000.000 within Europe for sport jumping and €1.500.000 for tandem jumping. Outside of Europe, the maximum coverage for sport and tandem jumping is €1.500.000.

The KNVvL insurance continues is based on membership and as such is annual. As a service it runs through January 31st in the next calendar year, unless the membership has been cancelled or membership payment has not been made before that date.

For prospective (so-called aspirant) members the insurance continues for up to two years after the starting date of the initial training (up to a maximum of eight jumps as per initial training), no KNVvL (full) membership is required for this. If an aspirant member continues jumping after this, full KNVvL membership becomes required.

The insurer is Axis Capital Luchtvaartverzekeringen (<https://www.axiscapital.com/reinsurance/aviation>). The intermediary is Assurantiehuis Vanderveen. <https://www.assurantiesite.nl/parachutist/> The insurance policy, together with your insurance certificate, can be found on mijn.knvvl.nl and in the KNVvL app (under files).
